## Quartering Area at Brandenburg-Briest Air feld

## Legend:

- l Aircraft dispersal area, no revetments but grass cover
- 2 Eastern section: fhight control station and komendatura Western section: kitchen and masshall
- 3 Brick building for the storage of simunition
- 4 Old heating plant, probably also used for the storage of ammunition
- 5 Fence, probably for the protection of the ammunition dump
- 6 Spur track
- 7 Old EM temporary building, probably housing the drivers
- 8 Wooden motor vehicle sheds for about 60 vehicles
- 9 Five winterized low wooden buildings, each 62 x 12 meters, with a capacity of 100 men; they are scheduled to be occupied during the first half of May
- 10 Heating plant and bath
- 11 Low wooden building, 42 x 12 meters, scheduled for the storage of equipment and clothing
- 12 Fence; further course not yet determined.

Note: The distance between the EM quarters (9) and the komendatura (2) is about 500 meters, from item (9) to the Plaue-Brandenburg read about 450 meters.
